

U.S. Coast Guard Auxiliary

Information Technology Group

Cybersecurity Directorate

National Staff Officer Position Descriptions

Position Name: Branch Chief - Cyber Protection Team Operations

Position Abbreviation: BC-YGC

Reports To: DVC-YG

This position is responsible for developing, supporting, and executing Auxiliary augmentation of Coast Guard Cyber Protection Teams. They are responsible for the operational and administrative management of one or more subordinate Branch Assistants. They will be responsible for performing other duties as assigned by the Chain of Leadership and Management.

The ideal candidate shall have an educational background and professional work experience in the public or private sector in activities related to the Branch's core functions including:

1. Developing strategic and tactical plans for including Auxiliarists in USCG Cyber Protection Team Operations.
2. Partnering with Coast Guard units to determine CPT requirements and opportunities.
3. Developing Auxiliary versions of Cyber Protection Team qualifications.
4. Tracking Coast Guard CPT missions.
5. Managing assignment of Auxiliary personnel to CPT missions.

Prior relevant professional experience within USCG, DOD, or other Federal environments is required. Experience serving on a USCG Cyber Protection Team, or a Team from the Cyber National Mission Force is preferred.

The candidate should be able to demonstrate experience and ability in setting goals, creating schedules, authoring excellent written products, and briefing results. They should be able to work both independently and in a volunteer team work environment.

Due to the nature of this position, candidates may be required to have a current completed PSI at the DI or DO level.
